

Coalition Of
Culturally
Competent
Providers

COALITION OF CULTURALLY COMPETENT PROVIDERS (CCCP) VISION STATEMENT

The development of a coalition of behavioral health providers who are committed to creating partnerships that facilitate sustainable models of culturally competent policies, practices, programs and services for communities of color.

MISSION STATEMENT

To provide leadership and guidance in ensuring the application of culturally competent best practices in behavioral health policy, practices, programming and research for Philadelphia's African American community.

STRATEGIC PRIORITIES

Education & Awareness

Implement cultural competency series: Solution focused panel discussion: Pressing issues.

Training & Research

Cultural competency training: Provision of best practices clinical training for clinicians and organizations.

Partnership, Collaboration and Leadership

Enhance system-wide cultural competency: Policy and programming
